Notes;

Ryan Flohr's statement:

Josephine and I have been coming to the mountain for years, with our two kids (and one on the way!). My dad found this place in 2006 and we consider it the gem of California. We love the people up here and want to be an integral part of this great community. I am a software developer and IT consultant.

Josephine has a bachelor's degree in Interior Design and does freelance CAD (Computer Aided Design) consulting. We feel our my skills could be useful to the PMPO. Please consider us for sharing a seat on the board.
